Waste Management has offered Freeport a vegetation container. This container would cost an extra \$5.50/month during the "warm months" April-November, weather permitting - For example if it snows in October, it would end in October. Residents would be able to put any form of vegetation in this container, including leaves, sticks, weeds, plants, etc. The container would be picked up every week. Please fill out the survey below and return to City Hall (can be placed in outside drop box) by Feb 19<sup>th</sup>.
