#### Public Works Report

Goebel explained that there was an issue with a blocked sanitary sewer line East of Hennen Lumber between I-94 and the trail. They tried to jet and camera the line but were unsuccessful with both. Dymoke went through and explained the three options that the council could use to address the damage created to 7<sup>th</sup> Street from Wilwerding's farm equipment last fall. Council agreed that option 3, which included a written agreement that would require the farmer pay for any damages, was the option they would like to entertain first. Eveslage moved to invite Wilwerdings to the March meeting and propose option 3, seconded by Renneker. Motion carried 5-0.

#### **New Business**

#### Resolution 2018-06 – Off Site Gambling Permit Application

Atkinson stated he would like to appoint Joe Wilwerding and said that he had already spoken to Joe about it. T. Hennen moved to appoint Joe Wilwerding to the Ag Committee, seconded by Renneker. Motion carried 5-0.

#### **Server Options**

A. Hennen explained that the server wasn't operating properly and Dave Waletzko had recommended a couple of options to remedy the problem. One was a completely new server for \$1,500 or to redo the old one and update/fix and problems with it that would cost about \$400. If the improvements to the old server did not work Waletzko stated he would honor the amount put in to the old one for the purchase of the new one. Ettle moved to approve fixing the old server, seconded by Renneker. Motion carried 5-0.

T. Hennen moved to amend the agenda to allow for Petersen to discuss some items, seconded by Ettle. Motion carried 5-0.

Petersen explained that the SCDP loan was like a revolving loan and that the money we have in the account can be used for its original intended purpose, which includes rehabilitating low-income properties and properties in dire need. Petersen indicated we need to find the old contract, which he had not been able to locate yet. He also explained if we wanted to reintroduce this program, we would need to identify an organization who would administer it; like Tri-Cap or another organization.

City Staff stated that the City has a contract with MARCO for the copier/printer that still has a year or two and it could cost a lot of money to terminate that agreement. Council agreed not to discuss it until the agreement was coming to an end.

Discussion regarding the Area Fire Service meeting was revisited council asked if they could move any under budget operating fund money to the sinking funds. Petersen and A. Hennen both explained that could happen since it would just be showing it on the spreadsheet that the money was moved from one fund to the other. The entire Fire Department Fund balance would remain the same; it is just moving money from one pot to the other.

Eveslage asked that the city approve a check to the Rec Club for the Winter Rec Program for \$3,000.00. Renneker moved to approve the payment of \$3,000.00 to the Rec Club, seconded by Ettle. Motion carried 5-0.

Everyone was in attendance besides Krain Township.

#### **New Business**

### 2017 Financial Report (prelim)

Petersen presented the 2017 Financial Preliminary Report. None of the Townships or Cities had any questions or comments. Petersen explained that the wages and salary lines will look a little off for 2017 since he did that payroll on his first day and was unaware of the different wage lines items, but overall the entire cost is correct.

Atkinson asked is money could be transferred from the operating fund to the sinking funds since we seem to be operating with quite a bit of reserve money? Petersen stated the total fund balance wouldn't change depending on where the money was. There was confusion on this topic and was discussed later on in the regular council meeting.

Atkinson asked if Gilk had anything he wanted to share with the Area Fire Service. Gilk stated that their calls were up from the previous year and that they had applied for another FEMA Grant for new turnout gear which he is really hoping they get this year. Gilk also stated that council approve the addition of a Safety Officer. Pelzer stated that he thought having a dedicated Safety Officer might not be a good idea, because there is no way that person would be able to attend every call, then at the calls they aren't at the department wouldn't have a Safety Officer. Pelzer stated that everyone on the department should be qualified to be a Safety Officer and that person should be appointed at each call depending on who is able to respond. Gilk saw his point and council stated they would reconsider the position.

Renneker moved to approve the 2019 Area Fire Service Budget, seconded by Jim unanimously.	Cremers. Motion carried
Adjourn Pelzer moved to adjourn, seconded by Welle. Motion carried unanimously.

Re: Clerk Report

Phil Osendorf stopped in and spoke to me about some sewer issues that have occurred after the line in the alley behind their house and Garding's house, was jetted. Osendorf stated that when the jetting happened their toilets in the house backed up, along with the Post Office and Lucille Van Hoorik. He stated that there was no back-up into Garding's house at the jetting time.

He stated a couple weeks after the jetting, and they were in Arizona, Gardings started having some issues with back-ups. Since he wasn't around he called Austin Inc. out of Albany to check the line. Austin stated that the entire line was clean right until he got to the end of the water line to where it met the City's main line.

Phil is thinking that when the line was jetted that something might have been logged into end of Garding's line.

The bill Phil paid for this service was \$300. He is just asking if the City would do anything? Again, he stated he isn't sure this is how everything happened but from what Austin's told him and the timeline, this was his education thought.

### The City has officially received the Stearns Electric check!

I have been getting complaints about City Hall not having long enough hours for residents to put their Danny's Disposal payments in the drop box. I'm currently working with Danny to get the box moved to outside of the building, next to the City's payment drop box.

Re: 7<sup>th</sup> Street SW Options

Below is the same information that was presented at the February meeting. I have invited the Wilwerding's to the meeting. At this time I have not heard back from them to know if they will be attending.

After the last meeting where dissatisfaction was expressed about the Wilwerding Dairy using 7<sup>th</sup> Street SW as an access to their fields Dymoke put together a few options the city would have to help remedy any future situations.

- 1. Establishing weight restrictions restrict the weight limits on the road to make it illegal for the farmer to drive his equipment. This would require the city to install signs posting the weight limit and have a sheiff's deputy watching to write the famer a ticket.
- 2. Public Nusiance breaking up the road would fall under the definiteion of creating a public nuisance under stated law and the City Code. This could either be a criminal citation or we could obtain a court order directing the farmer to abate the nusinance i.e. reimburse the City.
- 3. Agreement between the City and the farmer, whereby the famer agrees to reimburse the city for any repairs to the street.

Re: Tax Forfeiture Property

When a property is forfeited to the State for non-payment of taxes, the County basically acts as the State's Realtor. Parcel 54.32007.0010 was owned by the Fleegels. The forfeiture of the property to the State is complete and Stearns County will start trying to sell the property.

Before the County can sell the property, it has to make a determination whether or not the land is valuable for conservation/environmental purposes. If it is, the State keeps the land. If it is not, the property is put up for sale. The first page of the document is notifying Freeport that the Fleegel lot has been determined to be non-conservation and will be put up for sale. The County has appraised the property and will list it for \$1,000. If the Council disagrees with these determinations, it can challenge the County's findings. For page 1, I'd add this item to the next Council agenda, have the Council pass a motion approving the County's determinations, then have Rodney sign the form. The paperwork is returned to the Auditor.

Re: 106 2<sup>nd</sup> Ave N

As a house keeping item 106 2<sup>nd</sup> Ave N, which is located directly behind Freeport Gas and Grocery. Currently it is zoned commercial, Dymoke and I believe council should consider rezoning it to residential. The change would mostly be for Gruber's benefit, as it would move him out of a non-conforming use.
