# 7<sup>th</sup> Street Options

Wilwerding stated they don't like to use 7<sup>th</sup> Street to access their field but last year was so wet that, that was their best access point. Council understood, but asked that they used their alternative route. Wilwerding stated they did get one complaint from a resident, but he agreed that they would use their alternative route since they want to keep a good relationship with the City. Wilwerding stated he will do his best come Spring and Fall to keep their workers off of 7<sup>th</sup> Street.

### Park

Atkinson stated that after some checking it could cost upwards of \$10,000 to seed 2 acres of field behind Harvest Church for a soccer field. City staff did mention that the City would be able to afford some of that cost if other donations were obtained.

A special meeting of the Freeport City Council was convened at 7:00pm by Mayor Rodney Atkinson with Councilmembers, Tim Hennen, Ben Ettel and Jake Renneker, present.

### **Water Rates and Water Fund**

It was discussed that during the audit there was a discrepancy discovered between the City's fee schedule and what was being charged in utility billing. On the fee schedule there was a water tower maintenance fee of \$2.95 that was never added to the water bills. Why or how this happened is uncertain. After analyzing the situation it was discovered this fee was unnecessary. The City was already meeting USDA requirements by setting aside about \$13,000 into the water fund for future water infrastructure needs. The only item not being saved for was water tower recoating in 20-25 years. Council agreed they should start saving for that expense. Atkinson and A. Hennen figured it would cost about \$.64/1000 gallons of water to reach that goal in 20-25 years. Council decided to change the water usage charge (per 1,000 gallons) to \$2.00 from \$2.95. This will allow to show this is what we need to collect for yearly operating expenses. Then they agreed to change the water tower maintenance fee from \$2.95, which was never actually enacted, to \$1.59. This will allow the city to collect the required USDA \$13,000 and collect the amount needed to recoat the water tower in 20-25 years. T. Hennen moved to change the water usage charge (per 1,000 gallons) to \$2.00, and change the water tower maintenance fee (per 1,000 gallons) to \$1.59, seconded by Ettel. Atkinson-yes, Ettel-yes, T. Hennen-yes, Renneker-yes. Motion carried 4-0.

Re: Clerk Report

Loren and I will be attending a League of MN Cities conference/training on Thursday, April 26<sup>th</sup>, in St. Cloud, regarding the Americans with Disabilities Act:

Common ADA Issues in Parks & Rec: Removing Barriers and Improving Access While in the classroom, learn to identify common barriers and receive practical solutions to meeting requirements of the Americans with Disabilities Act (ADA) in your city parks and recreational facilities. Then, take part in hands-on ADA exercises as the class tours local city parks or recreational facilities to review and discuss these common ADA issues. (EO) (SC).

I will also be attending the LMC Annual Conference June 20-22, which is being held in St. Cloud as well.

Re: Treasurer Report

I wasn't able to put together the financial reports like Joan used to do, but I wanted you to have something to see how we are doing. At this time I don't see anything alarming within these reports.

### **MEMORANDUM**

TO: Freeport Mayor and City Council

FROM: Dave Blommel. PE

Freeport City Engineer

DATE: April 19, 2018

RE: Council Update - April 24, 2018

SEH No. FREEP GEN 14.00

On several occasions, we have discussed the pavement condition concerns in the cul-de-sac on Industrial Drive. The pavement has failed in the cul-de-sac with block cracking and alligator cracking in the majority of the paved area. We have concluded that a seasonally high water table, coupled with heavy truck loads has caused the premature failure of the roadway. A gate valve box within the cul-de-sac has been used to determine the water level and it has been frequently found within 1 foot of the surface. The drain tile next to the road was installed after the roadway was built and likely does not have a connection to the gravel in the cul-de-sac.

Before the City spends significant funds repaving the cul-de-sac, we recommend the high water table be mitigated in the cul-de-sac. I have enclosed a sketch showing a drain tile concept that will help to draw down the water. The sketch shows 380 feet of drain tile encased by rock installed in 5 locations.

I have requested quotes from 3 area contractors to complete the work:

- Kotzer Excavating \$7,727.50
- Gertken Bros Construction \$14,680.00
- Mayers Excavating Quote requested, will bring to meeting if received

Re: Welle Addition Park

A month or so ago council talked about having an onsite meeting in the Welle Addition park to speak with the neighbors and figure out what they desired for a park in that area. Just wondering if you would like to set a date for that, or if that is still something council plans on doing?

Re: Xcel Energy Transmission Line

Following memo is a counter offer to Xcel Energy for the transmission line they are proposing to run through Freeport's industrial park. This counter offer was drafter by City Attorney Dymoke. The EDA is recommending to the City Council to also accept the counter offer proposal and send it to Xcel.

Re: Xcel Energy 69kV Transmission Line 0795 Riverview Tap Project

Dear Mr. Lawler:

Thank you for you proposal dated March 19, 2018. The City of Freeport and the Freeport Economic Development Authority (collectively "Freeport") will agree to grant Xcel Energy a powerline easement along the western boundary of Lot 1, Block 1, Freeport Industrial Park Plat Five and along the western and northern boundary of Lot 3, Block 1, Freeport Industrial Park Plat Five, all as shown on Exhibit A of your March 19, 2018 proposal, on the following terms:

- 1. Xcel Energy pays Freeport \$93,000 for the easement at closing, and
- 2. Xcel Energy and Freeport close on the sale of the easement within 30 days.

Freeport is not willing to grant a permission to survey or an option agreement for the easement. If Xcel Energy is willing to conclude this matter on the above terms, please contact Adrianna Hennen, the Freeport City Clerk, as soon as possible to arrange the closing.

Sincerely,

Rodney Atkinson, President Freeport Economic Development Authority

Re: Resolution 2018-07 – Approving the Disbursement and Payment of Claims Policy

During the Audit, the auditors pointed out that we have not approved a resolution like this since 2014. They require that something like this be approved annually, which we will begin doing. It will be similar to approving the annual depositories we do every January.

125 Main Street E - PO Box 301 - Freeport, MN 56331 - 320-836-2112 - FAX 320-836-2116 For TTY/TDD Users 1-800-627-3529 or 711 Minnesota Relay Service www.freeportmn.org

#### **RESOLUTION 2018-07**

#### A RESOLUTION APPROVING THE DISBURSEMENT AND PAYMENT OF CLAIMS POLICY

#### **Disbursement and Payment of Claims Policy**

#### **Expenditures**

In order for an expenditure of public funds to be lawful, it should meet both of the following standards:

#### Public purpose

There must be a public purpose for the expenditure. The Minnesota Supreme Court has generally concluded that "public purpose" means an activity that meets all of the following standards:

- The activity will benefit the community as a body.
- The activity is directly related to functions of government.
- The activity does not have as its primary objective the benefit of a private interest.

The Minnesota Supreme Court has also held that the general objective of a public purpose is to promote the following for all of a city's residents:

- Public health
- Safety
- General welfare
- Security
- Prosperity
- Contentment

#### Authority

There must be specific or implied authority for the expenditure in statute. Specific authority is usually fairly clear. In contrast, whether authority is implied by a particular statute is subject to interpretation. The city should consult with its city attorney as to whether authority for a specific expenditure is implied.

#### **Payment of Claims**

Pursuant to Minnesota Statute § 412.271, subd.1, no disbursement of city funds shall be made except by an order drawn by the mayor and clerk- treasurer. Except when issued for the payment of judgments, salaries and wages previously fixed by the City Council or by statute, principal and interest on obligations, rent and other fixed charges, the exact amount of which has been previously determined by contract authorized by the City Council, no order shall be issued until the claim to which it relates has been audited and allowed by the City Council.

#### **Prompt Payment of Claims**

Minnesota Statute § 471.425 requires that cities pay each vendor obligation according to the terms of the contract or, if no contract terms apply, within the standard payment period unless the city in good faith disputes the obligation. The following requirements must be met:

• For cities who have regularly scheduled council meetings at least once a month, the standard payment period is defined as within 35 days of the date of receipt.

- A city shall calculate and pay interest to a vendor if the city has not paid the obligation according to the terms of the contract or, if no contract terms apply, within the standard payment period.
- The rate of interest calculated and paid by the city on the outstanding balance of the obligation not paid according to the terms of the contract or during the standard payment period shall be 1.5 percent per month or part of a month.
- No interest penalties may accrue against a purchaser who delays payment of a vendor obligation due to a good faith dispute with the vendor regarding the fitness of the product or service, contract compliance, or any defect, error or omission related thereto. If such delay undertaken by the city is not in good faith, the vendor may recover costs and attorney's fees.
- The minimum monthly interest penalty payment that a city shall calculate and pay a vendor for the unpaid balance for any one overdue bill of \$100 or more is \$10. For unpaid balances of less than \$100, the city shall calculate and pay the actual interest penalty due the vendor.

#### **Immediate Payment of Claims**

Pursuant to Minnesota Statute § 412.271, subd. 4, when payment of a claim based on contract cannot be deferred until the next City Council meeting without loss to the city through forfeiture of discount privileges or otherwise, it may be made immediately if the itemized claim is endorsed for payment by at least a majority of all the members of the City Council. The claim shall be acted upon formally at the next City Council meeting in the same manner as if it had not been paid, and the earlier payment shall not affect the right of the city or any taxpayer to challenge the validity of the claim.

#### **Cash Disbursement Guidelines**

The Clerk-Treasurer will be responsible for implementing and providing internal control for all disbursements.

#### 1. General Guidelines

  - i. Two authorized signers (Mayor and Clerk-Treasurer) will sign all approved checks, while verifying that all checks are accurate by comparing the check and amount to the approved Claim Approval List and invoices
  - ii. After authorized signatures are obtained, the Administrative Assistant will mail the approved disbursements:
    - 1. A check including stub will be mailed to the vendor
    - 2. A check stub will be attached to the invoice, which will then be filed

- d. Electronic or wire transfers will generally be for:
  - i. Debt service payments, including principal, interest, and fiscal agent fees
  - ii. Payroll and related liability payments

A purchase by credit card must otherwise comply with all statutes, rules, or city policy applicable to city purchases.

Re: Danny's Disposal

Danny informed Rodney and I that he will be selling his business to Waste Management. Currently we have an agreement with Danny's Disposal that will transfer to Waste Management meaning nothing in the agreement can change until the agreement expires and that will not be until August 2022.

Also, they cannot change rates without notices and proof of why increases are needed (excerpt from agreement):

"The foregoing rates are subject to change on thirty (30) days notice from grantee to the City of Freeport. The rate change will be made only in the event that the Grantee dumping rates increase and/or grantees combined monthly costs of refuse hauling increases."

Danny and the owner of waste management will be attending the meeting to explain the transition and answer any questions that council may have.
