## Old Water Tower News

We are looking for suggestions.

As a community, we need to come together to help preserve a piece of history. We can no longer believe he will stand forever with no preservation. Many residents are very passionate about what our smiling landmark represents. A smile knows no age, gender, color or culture. No matter where you are in the world, what language you speak, or social status  
*...a smile is always understood.*

If you are one of the heartfelt citizens that would like to help "Save the Smile" we need a few energetic, spirited individuals to come together to form a fund-raising committee. Any ideas, or thoughts are welcome. Drop us a letter, suggestions etc.
